OUTSIDE SCHOLARSHIP FORM

Student Name: _____ PSU ID#: _____

Please list any scholarships, grants, or prizes you have been awarded by your school, church, community, employer, parents' employer (example: USNH Staff Tuition Benefit) or any other non-PSU organization. If you would like your outside scholarship applied to the fall or spring tuition bill, please be sure to read and complete all sections of this form, sign, and submit it to our office along with a copy of the scholarship award letter(s). You may scan and email the completed form and award letters to us at psu-studentaccount@plymouth.edu or mail them directly to Student Account Services at the address above. Scholarship checks must be made payable to Plymouth State University; if a check is made out directly to the student, please write 'Pay to the order of PSU' on the back, endorse it, and mail directly to Student Account Services. It may be necessary to adjust your financial aid package based upon the incoming scholarships, since your demonstrated financial need may change. In most cases, we will allow the outside resource to fill "unmet need", then to replace all or part of your loan or work study allocation first before adjusting any institutional need-based scholarship or grant.

Table with 4 columns: Award Name, Amount to be applied to Fall, Amount to be applied to Spring, Total for Academic Year. Contains 6 empty rows.

PLEASE NOTE: Scholarships can be applied to the student's account in advance of receiving the actual payment from the scholarship sponsor, if the scholarship award letter states all of the following:

- J Student Name J Mailing Address of Scholarship Sponsor/Organization
J Name and Amount of Scholarship J Semester for which the Scholarship is to be used

EXCEPTION: If an award is dependent upon grades, completion of a term and/or proven "financial need", it is not guaranteed and will NOT be counted as pending payment on the tuition bill. In such cases the bill will need to be paid by other means. (Should the scholarship come in later the student can request a refund of any overpayment.)

-The information requested on this form is required to ensure compliance with federal regulations -

NCAA 15.2.3.5.1
It is not permissible for a student-athlete to receive financial aid, directly or indirectly, from a source outside the institution (e.g., a foreign government, a sports association, a high school booster club) for expenses related to attendance at a member institution, if the award of such financial aid is based in any degree upon the recipient's athletics leadership, ability, participation or performance, except as permitted in Bylaw 15.2.3.5. Receipt of financial aid from such a source renders the student-athlete ineligible for all intercollegiate athletics participation. (Revised: 8/22/06, 4/30/09)
