The assembly/performance and the in-class student workshop sessions were AMAZING! I can't begin to tell you how positive TIGER was. The discussions were deep and meaningful, and our students got so much out of their visit.

The teacher workshop was great too! Although we have a bullying policy in place at our school, the workshop left teachers with a lot to think about and question!

We put together a TIGER bulletin board at school with pictures from the performance and hand written letters from students. It’s great! Thank you for being so helpful and answering my hundreds of questions along the way! We can’t wait to have TIGER back again next year.

I attended the assemblies and thought they were fantastic! I spoke with several students who thought it was “awesome.” I saw a couple of students dancing out of the gym singing, “I’ve got your back.” I saw one 1st grader who attended a morning assembly run out of the school at the end of the day, so excited to tell his mom about the program. He is also one of the students with food allergies, and I was so glad you were able to incorporate an allergy skit into the performance!

HOLY COW! “I’ve Got Your Back” came to Broken Ground School today, and all I can say is HOLY COW! They were incredible, their voices, the message, ALL OF IT!

I am unbelievably impressed by this cast. They sounded so good that a 5th grader was quite sure they were lip syncing and had some type of machine that makes your voice sound better. They were all so kind and down to earth. I really enjoyed getting to know all of them!!

I just had to tell you that the staff raved about this production. We all felt that the message was so clear and strong. I can’t say enough.

The performance was excellent. This was the first time TIGER had been to Pollard, and the staff was very thankful to me for bringing them. I would recommend this program to anyone. It really touches on issues that students are having in school.

Thank you,

We had a wonderful afternoon. The children loved the presentation. The presenters were very personable and polite. The staff also enjoyed it and were chatting about it after school. Keep up the good work!

We all think so highly of TIGER. The message, the performance, the performers, and all the people and work completed behind the scenes, are a lovely reflection of goodness, talent, and hard work.

We were absolutely THRILLED with the way everything went today. The performance was fabulous and the topics they addressed really hit the nail on the head with things our kids are dealing with! Specifically, the social media references hit home with my middle school students. We will definitely be inviting your group back in the future!

Hands down, TIGER was the best assembly program we have hosted all year! Wow! What a dynamic, energetic, talented, intelligent group of performers. The students can’t stop talking about them.
